WORK EXPERIENCE

Front-End Developer Intern **Aug 2024 - Sep 2024**
Hyderabad Telangana

- Created 3+ responsive, user-focused websites using HTML, CSS, and Bootstrap, ensuring seamless mobile compatibility.
- Food Munch: Developed a modern food showcase website with interactive video elements and mobile-first design.
- Tourism Website: Built an immersive travel site featuring Bootstrap carousels and virtual tour embeds.
- Portfolio Website: Designed a personal portfolio displaying projects, skills, testimonials, and contact info with smooth navigation.
- Prioritized clean UI/UX, reusable components, and accessibility across all projects.

Joraum Solutions (Digital Marketing) **June 2024 - July 2024**
Madhapur hyderabad

- Boosted website traffic by implementing SEO optimization techniques, including keyword research and on- page SEO.
- Designed impactful posters and presentations that enhanced branding and client communication. Acquired hands-on experience in digital marketing tools, campaign planning, and content strategy.
- Contributed to improving search engine visibility and digital presence through keyword submissions and content enhancements.

PROJECTS

Full Stack Engineering Intern – Fitness Tracker Platform **March 2025 - Ongoing**

- Developed and maintained a full-stack web dashboard for fitness tracker data visualization using React, Node.js, and MongoDB.
- Built RESTful APIs to handle real-time syncing of health metrics (e.g., steps, heart rate, sleep data) from wearable devices.
- Implemented secure user authentication and data encryption to ensure HIPAA-compliant data handling.
- Collaborated with mobile and embedded teams to integrate backend services with Bluetooth-enabled fitness trackers.
- Optimized frontend performance and improved UX for daily activity logs and progress tracking.

Food Munch (saikumar2004.ccbp.tech) **December 2024 - present**
A fully responsive website that offers a comprehensive list of food items and detailed information about each item.

- Designed to provide the best user experience with HTML structure elements and Bootstrap components.
- Implemented product videos to give customers a clear view of the food items.

Technologies used: HTML, CSS, Bootstrap

Portfolio Website (likkisai007.ccbp.tech) **July 2024 - present**

A comprehensive website to showcase the professional journey of a person, including their portfolio, skillstestimonials, and contact information.

- Built with HTML structure elements and Bootstrap components, offering an intuitive and responsive layout.
- Features a dynamic testimonial carousel, showcasing endorsements from a range of satisfied clients and peers.

Technologies used: HTML, CSS, Bootstrap

Tourism Website (saikumar2005.ccbp.tech) **January 2024 - present**

Built a captivating online resource where users can access multimedia content and insightful details about popular travel spots.

- Constructed a mobile-adaptive layout using a combination of HTML elements and CSS3 properties like background, flex, and CSS box model attributes.
- Integrated destination-specific image carousels and immersive virtual tour videos with Bootstrap components.

Technologies used: HTML, CSS, Bootstrap.

SKILLS
