Profile

Aspiring AI/ML Engineer and Full-Stack Developer with strong skills in Python, C++, Django, and Machine Learning.
Experienced in building end-to-end ML models, data preprocessing, and deploying scalable web applications.
Proficient in Data Structures, Algorithms, SQL, and real-world problem solving.

Skills

Languages: C++, Python, Java, SQL

Libraries: NumPy, Pandas, Matplotlib, Seaborn, Scikit-Learn

Frameworks: Django

Tools : Git, GitHub, Jupyter Notebook, Google Colab, Visual Studio

Soft Skills: Problem-Solving, Critical Thinking, Effective Communication, Team Collaboration, Fast Learner

Web Development: HTML, CSS, JavaScript, Django, REST APIs, CRUD

Projects

Hotel Booking 2025
- Designed and developed a role-based hotel booking system supporting 2 user roles (customers and vendors)
- Implemented booking logic managing 100+ simulated bookings with real-time availability checks
- Structured MySQL database with 5+ relational tables for users, hotels, and bookings

Smart House Price Prediction 2024
House Price Prediction | Python, XGBoost, Pandas, NumPy
- Built an XGBoost regression model achieving 92% R^2 score
- Performed data preprocessing and feature engineering on real-world housing data

Internship

Generative AI Internship – Edunet 2025
- Applied analytical techniques to clean, analyze, and visualize datasets with 10,000+ records

Certificates

Data Analysis
Deloitte by the Forage

Oracle Certifications
Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate

Infosys Springboard
Completed all the fundamentals of Python

AICTE Generative AI
Worked on a **Smart Irrigation project** using **Python** and **machine learning libraries**

Python Certification Geeksforgeeks
Completed 3 week Course

HackerRank (SQL)
On the SQL

Achievements

Solved **150+ problems on LeetCode**
Strong problem-solving skills in Python & C++
Academic projects in AI & Data Analytics

Education

B.Tech – Artificial Intelligence & Machine Learning 2023 – 2026
Teegala Krishna Reddy Engineering College, Hyderabad

Diploma – Electrical Engineering 2020 – 2023
Pallavi Engineering College, Hyderabad

SSC 2020
Nalanda High School
